Mama Watering Sukuma wiki

Fam-097 Progetto-Sololo (she is also in farm. she said this skill we get from CIPAD farming unit which we now practice it here.

-this Mama said she sold 70 bundles of sukuma at 10sh every week

she also said they are 140 household doing this farming.

hey said the biggest challenge is transportation of water. 180 ltrs of water is need evry day for all hh.
