

Incontro parenti obbitu village 2018

15/09/2018

? this is to update on the organizing of **bonding together of children and their relatives.**

the ceremony to bring the relatives of Obbitu children aims to enhance bonding, love and belonging between the relatives and Obbitu children. because the children are all the times with us then it was prudent to call the relatives to where the children live and stay. [metaslider id=1542]

other objectives are:

1. relatives to monitor the progress and development of the children and provide feedback to the project staffs.
2. to know each other and bond as a family for future integration
3. conduct prayer session for the class 8 pupils.
4. to create awareness that after class 8 children who completed primary school level are bound to be exited to start the second phase of their education which will be out side Obbitu. the ceremony brought together the OVC management committee and the relatives of Obbitu children.

Activities for the day

1. one on one discussion of the children with their relatives until late in the afternoon 4. 00 pm.
2. organize a photo session with relatives and their children
3. the chairman gave the visitors speech on growth and development of the children and services provided for the children.
4. advice and counseling from the committee members to the children especially on performance and discipline.
5. children enjoyed the change of environment, meals and the company of their relatives.

some of the immediate outcomes were that the relatives were happy and satisfied on how their children were well developed and provided for by the project..

6. advice and counseling by the individual relative to their child.
