

"Crazy Horse" A fantastic Christmas gift 2019

19/12/2019

"Crazy Horse" does not forget us ... A fantastic Christmas gift, as per his wish.

[\(Arrivederci "cavallo pazzo"\)](#)

...

we had a **successful food distribution in Kituruni**, we were received by the shepherds school learners with jubilation and clapping. i met with sister E. and S. and K. the driver, the team are great , community oriented with high acceptance by the community.

the road between Karare and kituruni was not ease due to current rainfall pounding the area, we were **stack in mud for 3 hours 200m away from the catholic hall**. the level of community participation to push the vehicle out of mud was very high and humbling. i appreciate and applaud the community members. i also recognize the presence of the area chief who was present at the distribution and welcomed us.

the sominerec team witnessed the food distribution and i hope they were happy and contented with the process.

after night over in Marsabit we traveled to Sololo to visit obbitu children home where CIPAD is operating and proving care and support for OVC in Sololo. the Sominerec team mingled with children and were taken on a tour of obbitu children compound, facilities and green house activities i hope we impressed on them. they were introduced to the staffs and mother caretakers

we are so excited to work with **Sominerec**, and wish to strengthen the partnership and colloboration. we as CIPAD,we also have experiences in pastoralist education program both on out of school children and shepherd adult learners we wish to work with the shepherd school food distribution for Home based care OVC will be done. we will make coverage and share reports and pictures of the activities.

CIPAD thanks Sominerec for the food support , the food will go along way improving the nutritional status of OVC and needy families both in Sololo and Kituruni and that the learners will be motivated to continue with learning until they join the league of those who can read and write **i hope Sominerec will consider CIPAD for future partnership and collaboration**

MERRY CHRISTMAS AND HAPPY AND PROSPEROUS NEW YEAR

thank you
