MY HOLIDAY PERMISSION

I Thank our chairman my Gufu Guyo for giving me a chance to visit my families and I was very happy. Now I know many things like cooking fetching water from the dam and washing utensils

I am very happy because I saw my Relatives. At first when I arrived some were wondering where I ~~can~~ could come from but now they took as just as their child. I had a friend who played with me and when ~~was~~ reading a book when it was evening I visited my grand mother to tell me some story at past when she was a young

At our home there were many differences from where we live. Obitu the differences are the bad are not enough something the goods are not available because we lack money to buy food there were no many children to play with them.

The bad thing which I saw in that area is girls were painting themselves. ~~The~~ If you see their face and their hands are not the same and even boys who were in school

They riders motorbike and they use drugs
which would affects their health. they use drugs
such as bhang, cigaret, Alcohol, and many others
and Now I want to work harda and to achien
my goals and help my families and I beg you
to buy for my mother a mattress and a food and
at ~~lunch~~ lunch their is not food and I beg you
to help her with food and to bulid for a house
on a holiday a sleep a other house because she
did not have a house.
