

## Covid-19 holiday

7/7/2020

It was Monday morning when the sun was shining like broken piece of mirror. I was happy as king. The birds were singing lovely songs. I take a shower that the water is cold as ice. I take breakfast it was very sweet like honey and I take my bag and go to school.

After some minutes our teachers tell they is bad disease enter our country. that disease is called coronavirus. It can kill very body may die. coronavirus can closer school, super market and other things. when you touch somethings you will ~~wash~~ wash your hands with Sanitize it can kills 99.9% germs that may ~~cause~~ cause illness. use anytime anywhere without water or towels. Leaves hand ~~rest~~ refreshed without residue. when you go to market you close your mouth and noses.

Another name of Sanitize is called ~~vivia~~ <sup>vivia</sup> and VELVEX. ~~vivia~~ <sup>vivia</sup> hand wash clean your hand quickly and effectively. How to use vivia pump in towelst hands- foam and wash hands thoroughly and rinse plenty of clean water. and of VELVEX liquid hand wash is powerful germ-killing solution enriched with a luxurious moisturiser to help hydrate and soften the ~~skin~~ skin. Additionally, with a range of fragrances, fragrance-free, vibrant colours or ~~color~~ colourless options, we have a product ~~made~~ for every ~~requirement~~ requirement. All our hands washes are proudly ~~made in Kenya~~ made in Kenya. How to use wet hands and apply a generous amount of VELVEX liquid hand wash. when you go to market you have marks. when you have corona you must go to hospital to see doctor thank you Mr Gufu Gugo to tell me writing.
